

Taronne you are the greatest!!!!

I just returned from a golfing weekend in Penticton and had great results with my ball striking ability due to your having me "finish" my swing by focusing on moving my lower body through ball. I have increased my accuracy tremendously and added 20 yards to my length. My first game after my lesson, I shot a 74 from the back blues at Marine Drive. Not bad for a 10 handicapper.

Thanks again for your help.
