

October 01, 2009

Taronne,

One Trillion (which is 1,000 Billion) thank you's for taking the time out of your busy schedule to guide Steven and I through this process.

The results are spectacular, and we all know that Steven would not be in this position without your involvement.

Your energy is contagious, and your professionalism is over-the-top.

All the best,

John and Steven (and Maureen)
