

During summer 2006 I signed up for a six-lesson series with Toni Taylor. Toni provided outstanding instruction beginning with irons moving to woods and then to the putting green for green side shots and putting. The experience was great! Toni has super teaching skills and true depth of understanding of all aspects of golf. The lessons were fun and dramatically improved my game and my enjoyment of golf. Remember your favorite teachers from the past and find a new favorite in Toni. One-on-one time with a pro is invaluable and I highly recommend her.”
